

Thank You and Next Steps

Thank you for your attendance at tonight's Public Open House/Community Roundtable.

Your input to Fernbank Community Design Plan is important to us and your comments are most appreciated. If you wish to participate on the Public Advisory Committee, please indicate so on the Comment Sheet provided.

You can provide written comments to the study team through the Comment Sheet provided.

The Consultants will prepare an 'Existing Conditions' report which will describe the existing social, physical, biological and infrastructure/transportation conditions within and in proximity to the Fernbank area. In addition, a set of guiding principles will be established for the area based on the comments we receive from all stakeholders including: community associations/groups, residents, City staff and government agencies. These reports will be posted on the Fernbank CDP website (www.fernbankCDP.com).

In 2007, the study process will continue:
